

Jewelry Class Couture Trunk Shows

With Marge Kinney

For corporate events

Classes are offered through certified DMC's only. Serving So. Orange County, and No. San Diego County resort hotels.

“Five years ago in January, I joined 200,000 people at a miners’ rock sale in a barren desert town, Quartzite, Arizona. I dug through many water-filled tubs of stone slabs, seeking colorful rocks for making pendants. (Water shows the stone in its polished state.) For a year I slab-sawed my selections into pendants, then, for hours, shaped them with progressively finer sanding wheels. Later I acquired gems and finished stones to string with the pendants – crystals and metal added sparkle to create beautiful, colorful bracelets, earrings and necklaces. Finished stones and crystals made it possible to offer classes and couture trunk shows with my jewelry.” MK
